

# Sacramento River National Wildlife Refuge

## **New** Spring Bird Walks at the River Units

**Join a park ranger on a walk from 8-10 a.m. to discover the diversity of bird life in these riparian habitats.**

### **•Friday, March 26 at Sul Norte**

Located just north of highway 162 on the west side of the River, this restored unit has a mixture of habitats including cottonwoods, grasslands, and freshwater.

### **•Friday, April 9 at Pine Creek**

Located just south of highway 32 on the east side of the River, this unit has a mixture of native grasses, cottonwood riparian forest, and riparian scrub.

### **•Friday, April 23 at Ord Bend**

Located off of Ord Ferry Road west of the River, this unit has been restored to valley oak savanna with some mixed riparian forest and native grasslands.

### **•Saturday, May 22 at Capay**

This will be the official opening day of this new River unit. Come explore the bird life for our celebration of International Migratory Bird Day on a walk from 8-10 and then stay for an opening event.

Preregistration is needed. Please contact the  
Refuge to register and get more information.
